List of some completed projects within the work experience:

Transportation

- Design of Polaris Parkway from South Old State to the westerly bridge approach. We worked hand in hand with Delaware County and City of Columbus on the utility and street improvement drawings.
- Design/preparation of noise wall plans along I-71 for an area adjacent to Park Road in Westerville
- Managed and designed widening of SR 204 in conjunction with ODOT, by Harmon Road and between Pickerington Road and Tollgate Road.
- Managed and designed a 3500' long widening project of Abbie Trail (Long Road) in conjunction with the City of Columbus. These plans included relocating utilities and widening on both sides for a continuous left turn lane.
- Managed and designed plans for the widening of Big Walnut Road between just east of I-71 in conjunction with Delaware County, MI Homes and Camelot Builders.
- Managed and designed plans for the widening of Leap Road and bike path improvements from Davidson Road to just north of Northwest Parkway in conjunction with the City of Hilliard and Schottenstein Real Estate Group.
- Managed and designed the Stonecreek Station South roadway extension west of SR 256 in conjunction with the City of Pickerington and Fairfield County.
- Managed and designed plans for the widening of Westbrook Road in conjunction with the City of Trotwood in Montgomery County.
- Project Manager for the rehabilitation project of Joyce Avenue from Kenmore Road to just north of Hudson Street and Hudson Street from Cleveland Avenue to Parkwood Avenue, in conjunction with the City of Columbus.

Private Development

- Managed, designed and plan preparation for multi-family projects as large as 432 units within the City of Columbus and surrounding communities.
- Project management, planning, re-zoning and construction drawings for a 630 acre golf course/residential community within the City limits of Trotwood in Montgomery County.
- Interview with the City of Trotwood, manager and prepared plans for the Trotwood Industrial Park (Owned and developed by Trotwood)
- Managed and designed the expansion of the Dornoch Golf Club, Delaware County, from 9 holes to 18 holes along with the development of adjacent housing.
- Project management, design and construction plan preparation of the Heron Bay residential community at Buckeye Lake, Perry County and many more upscale developments.
- Commercial/warehousing projects for developers such as Scannell Construction, Duke Construction and OPUS.
- Managed and designed site drawings for several schools in the Reynoldsburg community and an elementary school in the Marion school district.
